

## International Department

We have just farewelled 30 girls from Shinagawa Junior Girls' High School in Tokyo. Students from this school visit us annually around early March. We provide nearly four hours of English for them in our Language School and buddy them up with an Onehunga High School student for a couple of afternoons. They also see some of Auckland, with trips off-site. Thank you again to the many host families who continue to support us by welcoming students into their homes. We appreciate the huge commitment and efforts made in order to provide a unique experience for these students. They do go home with life-long memories of New Zealand and the hospitality we offer.
